Complimentary Access

Real world results for your school

We're excited for you to see how our software can simplify teaching and enhance the learning experience for each student.

So we're giving QSPA members full access to our software for the entire year.

With 3 simple steps, your school will have the opportunity to experience real-world outcomes with digital resources and eBooks, in the classroom or at home.

Enjoy **full** use of our software for all your educators and student cohorts, as well as access to **professional development** and **in-servicing** throughout the year.

1

Sign our Software Licence Agreement

No strings attached, it's there to safeguard your student data.

2

Send us your school timetable

We'll setup your educators and students and configure access to ReadCloud.

3

We'll audit and activate your digital content

Access all your existing school owned or purchased digital resources.

FAQS

What if I have an existing bookseller?
We request that you purchase any additional content or resources, whether blended or digital only throughout the duration of the trial through us. We will furnish you with competitive quotes on request.

What happens at the end of the year?
If you enjoy the use of ReadCloud in your school (we're sure you will!), then it's as easy as continuing to use the ReadCloud platform each year thereafter and telling us which content you want for next year.

Will you activate content that I have already purchased?
ReadCloud saves you time and effort by auditing, migrating and activating all existing school owned digital resources on your behalf. We will also activate any unused or expired digital codes inside print textbooks.

How quickly can you set this up for my school?
Our onboarding is fully automated - send us your timetable and content needs and we'll setup your users, provision your resources and have you up and running in two weeks!

To sign up, visit **www.readcloud.com/access** or reach out at **contact@readcloud.com**
